When trains are required to be crossed at Ketley Station, the one train must be shunted clear of the running line before the other is accepted. A Passenger Train must not be shunted at Ketley Station for the purpose of crossing another train. The sections are Ketley Junction and Ketley Station, Ketley Station and Horsehay Station, Horsehay Station and Lightmoor Junction, and Lightmoor Junction and Madeley Junction.

The Double Line between Lightmoor Junction and Buildwas is worked by Block Telegraph.

The Single Line between Buildwas and Marsh Farm Junction is worked by Electric Train Staff.

The Electric Train Staff Sections between Much Wenlock and Marsh Farm Junction are as follows: Much Wenlock to Presthope, Presthope to Rushbury, Rushbury to Marsh Farm Junction.

The crossing stations are Much Wenlock (for crossing two Freight Trains or one Freight and one Passenger Train).

Presthope (for crossing two Freight Trains, or one Freight and one Passenger Train).

Rushbury (for crossing two Freight Trains, or one Freight and one Passenger Train).

Note.—When trains are required to be crossed at Rushbury the one train must be shunted clear of the Running Line before the other is accepted. A Passenger Train must not be shunted for the purpose of crossing another train.

The gradients being heavy, and there being several Level Crossings, great care will be required in working these Branches, and the instructions for working inclines laid down in the general Appendix to the Book of Rules and Regulations must be strictly carried out with the following additions:—

Assistant engines may be run in rear of Freight Trains between Wellington and Horsehay, Buildwas and Much Wenlock, between Buildwas and Lightmoor Junction or Horsehay.

WESTWOOD SIDING (PRESTHOPE).—Situate between Presthope and Much Wenlock, worked with a key attached to Train Staff.
