Woodborough. Except on Thursdays, the Devizes Shunting Engine (unless circumstances at Devizes are exceptional) must run to Woodborough to shunt Yard, and put traffic ready for Didcot Goods to pick up. If traffic is light at Woodborough, latter station to telephone Devizes not to send the engine. Woodborough and Devizes to keep closely in touch with each other with regard to the working.

ACCIDENTS TO COMPANY'S SERVANTS.

Attention has again been called to the urgent necessity which exists for the greatest care being exercised by Company's servants when walking upon the railway. It is very essential that the staff, in their own interests, should exercise every precaution when walking on the line, and only do so when Company's business renders it necessary. Station Masters and Inspectors must draw the special attention of every member of the staff under them to the General Manager's circular, and also see, as far as practicable, that the men do not expose themselves to danger.

CATTLE, PEWSEY TO COMPTON.

Immediately it is known that a Special Cattle Train from Pewsey to Compton is required, Pewsey must wire Mr. KISLINGBURY, Bristol, Mr. DUNSTER, Paddington, and Mr. NOBLE, Reading. The latter must arrange for an Engine, Brake Van, and Guard to work as follows:—

	arr. A.M.	dep. A.M.		arr. A.M.	dep. A.M.
Reading	—	5 30	Pewsey	—	9 59

			Didcot	1 55	—

And on to Reading at once.

CATTLE TRAFFIC BY GOODS TRAIN FOR G.N. RAILWAY, VIA ACTON AND KING'S CROSS.

Live Stock for stations on the High Barnet, Edgware and Enfield Branches, Great Northern Railway (with the exception of East Finchley and Church End, Finchley Stations), must not be accepted on Fridays unless it can be worked to Acton by 9.30 p.m. on those days.

Traffic for East Finchley and Church End, Finchley, may be accepted provided it can be worked to Acton by 5.30 p.m. on Saturdays. If these connections are missed the traffic cannot be forwarded from King's Cross until 4.30 a.m. Monday mornings.

Senders must be informed that even the consignments accepted with the view to connections with the services named, the Companies do not guarantee the transit, and that any extra charges for feeding, &c., will have to be paid.

PERISHABLE TRAFFIC FROM CHANNEL ISLANDS

Must be worked according to special regulations. (See Mr. ALDINGTON'S Notice.)

Special Fruit Trains will run when required from Weymouth to Didcot or beyond, starting at about 9.20 a.m. or about 7.0 p.m., and working at the speed shown below:—

WORKING OF 6.30 a.m. TROWBRIDGE TO PADDINGTON.

Westbury, Edington, Lavington, Devizes, Patney, Woodborough, Pewsey, Savernake, Marlborough, Bedwyn, Hungerford, and Kintbury must wire Newbury not later than 7.20 p.m. when there are special vehicles ordered for the 6.30 a.m. Trowbridge the next day.

When there are five or more such vehicles, Mr. NORTH, Newbury, must at once telegraph Messrs. SHORT and HALL, Didcot, to run the 5.0 a.m. RR Engine and Van to Savernake, Patney or Devizes as required to work a special following the 6.30 a.m. Trowbridge, so as to relieve that train of the special vehicles.

Newbury will advise the stations when special will run.

Patney and Chirton to keep back special vehicles on the 5.0 a.m. Frome for the special.

WORKING OF WAGONS BETWEEN NEWBURY GOODS YARD AND NEWBURY RACE COURSE STATION.

In order to afford relief when the traffic in Newbury Goods Yard is congested, the Platform Lines at Newbury Race Course Station may be used for the purpose of stabling wagons.

Trains of wagons may be backed between Newbury East Junction and the Race Course East Box on the right road without a brake van, provided a competent man rides in the foremost vehicle. This man must be supplied with a shunting horn so as to warn any persons who may be working on the line.

When it is necessary to work trains of wagons in this way, the Newbury Station Master will arrange for the Race Course East Box to be opened.

The trains must be signalled in accordance with the Standard Block Regulations.

It must be distinctly understood that trains must not be backed on the wrong line between Newbury East Junction and the Race Course East Box.

VACUUM-FITTED GOODS TRAINS.

10.15 p.m. Paddington to Plymouth.

10.48 p.m. Paddington to Kingswear (S).

3.20 p.m. Penzance to Paddington (S).

6.10 p.m. Newton Abbot to Paddington.

Vacuum-fitted trains booked to run from Westbury to London without a stopping must stop specially at Reading when grease axle-box Wagons are attached to the train. Reading must be telegraphed particulars from Westbury in such cases so as to ensure examination in minimum time.

For general instructions relating to the working of trains composed wholly or partly of vacuum stock, see instructions shown on pages 90 and 91 of the general Appendix and also Messrs. MORRIS and CHURCHWARD'S Circular No. 1913, dated June, 1910.

It is important that these Trains should run punctually, and all concerned are specially requested to do all they can to keep a clear road.

BRUTON MARKET AND CATTLE SALES.

Engine, Van and Guard to leave Trowbridge on alternate Tuesdays, commencing May 9th, at 11.30 a.m. for Bruton, to shunt Trucks into position for loading, and work a Cattle Special when required. Inspector DANIELS to watch the working, and provide additional staff if necessary. Mr. MATTHEWS to advise Mr. KISLINGBURY and Stations concerned particulars of Special Trains run.
